

CAG Meeting April 17, 2026

Attendees: Pat Alger, Brandon Lipe, Mona Moxley, Bette Sindzinski, Julie Dandliker, Barbara Moreland, Bridget Moar, Erika Goldstein, Nicole Collins

Updates from Brandon - registration is in two weeks. Next Friday and Saturday is CCACA. All in one big warehouse. There are 15 or 16 artists. Over 50 schools are showing.

The kilns are very busy. He will do a glaze kiln firing when he gets back from CCACA on Saturday.

Workshop – none between spring and summer because of the art and wine festival. Planning for one during the summer to fall break and perhaps a visiting teacher and workshops.

Website updates - no website updates – still working on a QR code. Venmo and Zelle should also be considered. The chili bowl information still on the website is up there from last year. It needs to be updated to the fourth annual chili bowl sale.

Sales – Pat - 30 people currently signed up for the spring sale. Volunteers are welcome. There will be a CAG table with higher priced pieces that will be considered donations for scholarships. We can use the dance studio starting Friday at 2:00 through Saturday evening. Clare will do the hospitality in Bette's absence. Julie will help clean up afterwards.

Financial update - Bridget - everything is good. No limit to the budget for the tool sales.

Membership update – Erika – 158 people. There will be a big push for a fall renewal at some point before fall.

Preschool project update – Erika – April 15 event at Shadelands. No dates yet for the City Hall display, but there will be an event. The prior event was fun, kids were excited and there were about five or six artists that attended.

Meals on wheels – Barbara – Great event. Over 20 people participated. Yummy food from Michael, great presentation from Nicole. Nicole made some extra pieces and John threw a bunch of smaller cups. Mike Shin donated a vase. Julie is donating three big bowls. Great feedback on the event both from in person attendees and on social media. Determined that you do not need to be a CAG member for maker's events.

Window creator – Stella agreed to take this on

Saturday night socials/informal events - Mona did not hear from anyone

Contest - No volunteers to lead. Nicole offered to help. Donna Cowan may be able to take this on in the spring. Mona will discuss this with Donna in the fall.

Philosophy/objectives of CAG events. The theme behind these events is to build community, education and service. Educational, workshop and demo events – non-CAG pays extra such as when visiting artists present. All maker's events are open to all and free.

Teacher appreciation lunch - Should we have another lunch for teachers? It's a nice recognition of their efforts. We can do it in the dance studio so it doesn't require the Studio meaning we can host it anytime.

Next meeting will be May 15.
